SANTA FE STILL AT OAKLAND

W. M. T. Co. Notifies R. R. Commission of Intention to Extend All Stage Lines to Santa Fe Ferry at the Point

SIX MINUTE FERRY CO. TO CONNECT THREE CITIES

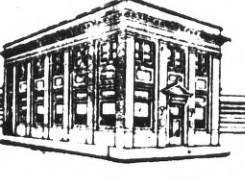

Extension of the automobile ferry planned between Oakland and San Francisco to Marin county is proposed by the officials of the Six Minute Ferry Company. It was announced yesterday in San Francisco with the filing of incorporation papers. The company intends to build three steel auto ferryboats with a capacity of eighty cars each to run between Oakland and San Francisco. The ferryboats are expected to be completed by next summer.

Two other ferryboats are planned for Sausalito after the other line is started. The Six Minute Ferry company also contemplates establishing a repair yard on the lower bay to take care of the fleet of ferryboats if the boats are eventually put in commission.

The company is now operating ferry boats between Mare Island and Vallejo and California City. W. H. Morrissey, director of the company, declared that the demand for auto ferries between San Francisco and the bay cities was rapidly increasing.

Three Lynched at Santa Rosa S. F. Gangsters Removed Co. Jail

Citizen Sounds Warning to Parents of Richmond

To the Editors and Citizens of Richmond:

Another horrible tragedy has been enacted in California, and at the demand of an enraged people, goaded to resort to mob violence, three men have been ignominiously hung to the limb of a tree to avenge the atrocities of their lives. All peace loving law abiding citizens deplore, and abhor the lynchings of the infuriated mob, and yet, today everyone seems to breathe a happy sigh of relief upon learning of the lynching and hanging of the three so-called, San Francisco Gangsters, Boyd, Pitts and Valente, at Santa Rosa early yesterday morning.

But it is admitted that Pitts was not with Boyd and Valente at the Howard Street cottage in San Francisco, where they are charged with having assaulted young girls. He didn't shoot any of the officers in Santa Rosa last Sunday. But he hung by the neck until he was dead this morning. And why? Simply because of his previous misdeeds, and the bad company he was in, when the three peace officers were slain last Sunday morning.

In Boyd's sketch of his life history, he blames his own downfall to a lack of education and the company he kept when roaming the streets with gangsters, without any hindrance of parental restraint. His advice to the young and frivolous was, "keep off the streets at night, and away from the 'Gangs'."

Do not ask how those girls who have been lured to the Howard street cottage have been raised or why they went to public dance halls in metropolitan cities unescorted to be picked up by leaders of such gangs of vice.

Let's think of home and our children.

San Francisco, Dec. 11.—(1:00 a. m.)—At this hour there has been no attempt by citizens of this city to take the law into their own hands, and meet out punishment, to the gangsters who are in the county jail on charges of making brutal assaults on young girls.

Sheriff Tom Finn has a large body of armed deputy sheriffs who are patrolling the grounds about the jail. After reading the account of the lynching the gangsters are quaking and are asking for protection.

SANTA ROSA, Dec. 10.—Quietly assembling at an agreed point at an early hour this morning a mob of 100 masked men stormed the county jail here, took George Boyd, Terrance Pitts and Charles Valente, three San Francisco gangsters from their cells to a tree near the Odd Fellows cemetery about a mile from this city, and hanged them till they were dead. The work was done in a very orderly manner, and indications are that everything had been pre-arranged.

None of the members of the hanging party are known and although the authorities declared they will sift the matter to the bottom, it is believed the incident is at an end.

SAN FRANCISCO, Dec. 10.—The authorities were anonymously warned that the gangsters in jail here were to be lynched, and they have been transferred for the hall of justice to the county jail. Feeling is running very high here and occurrences similar to the Santa Rosa affair, may take place at any time.

Think this over, fathers and mothers. Do you criticize your neighbors for being too strict with their children, and tell how they ought to do, when you haven't any of your own to raise, or don't raise them, if you have?

We may fume and stew over the recent horrors of other cities for awhile; but many of the gang will flee San Francisco for safety and may come over to ornament our own rendezvous. Let us be a little more wary lest our innocent, frivolous daughter who thinks she needs no parental restraint, be lured from some winter palace, to ruin, or our smart young son who runs at large until he thinks the safety of the parents depends on him, be left dangling on a rope from the limb of a tree. Think it over.

Hi Students and Alumni Contest In Basketball

Over two hundred high school students and alumni gathered at the gymnasium last evening to witness basketball games.

In the first game the Alumni girls defeated the high school team by a score of 28 to 26.

In the second game between the alumni boys and the high school boys, the latter won the game in a score of 17 to 16.

Miguel Lemos has been found guilty by a jury in the superior court on a charge of assault with a deadly weapon with intent to commit murder. W. S. Roberson acted as attorney for Lemos.

BIG STAGE TERMINAL DEVELOPE IN RICHMOND

Frank Everman, acting for the Western Motor Transport Company yesterday notified with the Railway Commission a "Declaration of Intention to extend all stage lines of the company through Richmond to Ferry Point, for the purpose of delivering passengers to the Santa Fe Ferry. A concurrence is now before the Santa Fe, the Western Motor Transport Company and Railway Commission for attention, and tariffs are being arranged for the commuter and transient rate on the stage and ferry. The old rate was specified as ten trips for \$1.75 or 17 1/2 cents each way. The transient rate was twenty-five cents each way. The rate for both ferry and motor stage from San Francisco to Vallejo via ferry to Richmond is \$1.50 for the round trip and eighty-four cents each way. This is about the same rate charged by the Monticello Steamship San Francisco-Vallejo line.

The stages of the Western Motor Transport Company will put into effect a ten minute schedule between Richmond and Ferry Point, and the running time between Tenth and Macdonald Avenue in Richmond to Ferry Point is ten minutes.

Arrangements had been consummated yesterday for the immediate stage service to meet each ferry trip both going and coming, and it was stated that at noon yesterday the two boats had steamed up and made ready for the first trip to occur at midnight last night. A subsequent order late yesterday afternoon recalled previous orders and held the beginning of the service in obedience pending decision of the present restraining order now in Superior Court at San Francisco and returnable on Monday.

Inasmuch as this order is directed to both the Southern Pacific and Santa Fe and requires continuation of the present terminal service at Oakland mole, decision is likely to be reached early Monday so that the release of the Richmond terminal will be immediately forthcoming.

At the Santa Fe terminal known as Ferry Point, it is stated that a large doorway leading from the main highway to the ferry slip will be necessary and passengers via stage arriving at the ferry depot will be delivered under cover of the train sheds, the stages making the turn inside of the sheds, subject to approval of the Santa Fe officials.

Everman as traffic manager for the Western Motor Transport Company stated yesterday that in the event of the terminal being established at Richmond, several hundred San Francisco bound passengers would be delivered daily at Ferry Point, and a similar number received there as bound for various points in Northern and Central California. The Tenth Street route, will not be resumed but all stages will meet at the transfer station on 23rd and Macdonald Avenue. Special cars will

"Bibi" Singer of Oakland, entertainer, was the attraction at the meeting of the Rotary club yesterday.

RAILROAD WAITING FOR COURT DECISION

At 12:01 this morning the Santa Fe was operating from the terminal of the Southern Pacific at Oakland, and it was announced from the yardmasters office here that no change was contemplated, until after a decision of the San Francisco Injunction suit, which will be Monday.

Everything was in readiness to resume this morning, if the occasion had demanded it. Steam was up in the boats and there were full train crews in the yards.

Owing to unexpected matters coming up to interfere, Richmond will not put on any additional witnesses before the Railway Commission in the Santa Fe terminal reinstatement case. Secretary Wallace of the Chamber of Commerce and Harry Wernse, secretary of the Industrial Commission after a conference yesterday with City Attorney Hall, and others declared that further testimony from Richmond would not be necessary. Arrangements were made however to unite efforts with Berkeley and San Francisco in supporting the Richmond terminal. In view of the fact that considerable preparation is required by attorneys involved in both the Railway Commission and the Superior Court order restraining the Southern Pacific and Santa Fe from changing the present terminal arrangement, the Railway Commission yesterday adjourned to Thursday December 16, at 10 o'clock, when renewed efforts will be made to impress the reinstatement of the Richmond service.

On Monday Judge Hall and Secretary Wallace will attend the court proceedings in the case of the restraining order, and Secretary Wallace will also hold a conference with vice-president Robert Lynch of the San Francisco Chamber of Commerce.

OFFICIAL PAPER CITY OF RICHMOND

THINKOGRAPHS by F. J. HULANISKI

TIME FOR ACTION

San Francisco, Oakland, Berkeley and Richmond have a duty to perform to clear their municipal skirts of a lot of nasty mud. We cannot afford to have the reports go broadcast all over the land that this bay region is a place so infested by degenerates that women and girls cannot venture out without being subjected to the most bestial crimes and outrages, and this is the report that is fast spreading all over the country for the newspaper dispatches are daily and nightly filled with gruesome horrors of this nature, and the worst of it is that it is true.

What kind of a people are we, that our wives, daughters and little children cannot venture away from home an hour without being in grave danger of being raped and maltreated, and that nothing is ever done about it by our officials except that they shake the criminals down for all the cash they can and then let them escape on technicalities or by taking leg bail purposely fixed at a low sum by a corrupt police judge through professional bail brokers? Why don't we "get" the criminals and also "get" the dirty dogs of officials who stand in on the crimes? Is there no longer any real justice in this section of the country, or do we lack the energy and sterling manhood to enforce it? Will people all over the country say when they read these dispatches that we are no better than the criminals and the bribed officials or we would not permit such a state of affairs to exist? And if people do say that, which they will, what can we say in extenuation. If we told the honest truth we would have to acknowledge that we are too lazy and apathetic to draw our breath.

In San Francisco they have now added murder to rape. Will anything be done about it, other than the putting of the usual big bluff? Not if we can judge by the past. In Oakland a general "cleanup" is ordered about once every two months year after year. In Berkeley hundreds of citizens have banded together and are out nights looking for all suspicious characters, and they say if any are caught they will make short shift of them. Glor, be! We hope they do! Vigilante law is not legal, but when the officials of the law stand in with the criminals and no redress from outrage can be had, then something of the sort becomes necessary for the protection of society and the general public.

Another little girl assaulted in Richmond? Twelve years old. What a fine headline to appear in all the papers far and wide. And only a short time ago a young lady here had half her clothes torn off her at 8 o'clock in the evening, not a pistol shot from the city hall.

In early days in the mountains and on the plains we have seen officials like those who disgrace San Francisco taken out and ropes put around their necks, and then given a good talking to, with admonition that the next time anything had occurred the ropes would also be adjusted over convenient telegraph poles and we have never known it to have other than a very good effect, San Francisco might try it out and see.

As far as Richmond is concerned, would it not be a good scheme for Sheriff Veale to reorganize his Home Guard, and for Chief Wood to deputize them as special police? Our town is eight miles across and too big for the handful of police we maintain. Something ought to be done, and done right away. And among the first things done should be a cleanup of all these soft-drink ex-saloon joints that are dispensing booze all over town. A crazy degenerate is bad enough, without having him drunk also, as he generally is.

It is high time for action, and while that at Santa Rosa yesterday was drastic it is under the existing circumstances excusable.

A man whose sox have holes through which
 An eager toe appears,
 Has either not been wed at all
 Or else been wed for years.

An insurance company charges a Sacramento man with having "cardiac hypertrophy, murmurs of aortic regurgitation and aortic obstruction." Cosh! If we had all that we'd take something for it.

Grand opera is having a run back east this winter. We went to hear one once, foolishly parting with five dollars. The bill of fare said her name was Madam Bombardi, but in reality it was Maggie Mulligan, born and raised in Kansas, studied one year in Europe, spoke only French and Italian and pretended to be wrestling with English. Her press agent said she had been a howling success in Paris, and we never doubted it—she was all of that here, at least five dollars worth.

The woolen manufacturers of the East have let of 12,000 union workmen and a similar reduction in force is on pretty much all over the country, the reductions nearly always being those affiliated with organized labor. This looks like a concerted effort on the part of large employers of labor to begin the open shop policy, and probably that is what it is. The country generally is divided on the question and it is something the employer and employee will have to figure out among themselves. Both sides seem to have more or less just grievances.

Walt Mason had a dream of heaven a few days ago and raised up his poetic lyre and sang: "I think of heaven as a place where one can rest without a break, no honest sweat streams down one's face, no bones are tired, no muscles ache. For I am tired of building fires, and mowing lawns and sweeping walks and pruning trees and punching lyes, and winding forty kinds of clocks. In heaven no one's wife will say, 'your trifling conduct makes me blue, why do you fool the hours away when there are forty things to do? The garden's growing up to weeds, the window needs a pain of glass, you ought to plant those nutmeg seeds, yet here you sit and cut no grass.' It will be soothing to the soul to sit around and do no chores, while all the countless ages roll like billows on those golden shores."

A scientist says that when we eat fish it is sea lion within us that causes the appetite; that if it is steak it is the wolf within us; and if it is rabbit it is the primeval snake that has us in its coils. Well, that being the case, what has hold of us when we eat hash?

Harding is deeply engrossed just now in learning the cabinet making trade. Which reminds us to ask how many can remember all the different men who have been members of President Wilson's cabinet?

The candidates used to kiss all the babies in their districts, but now that we are to have lady candidates; what will they do about that? Will they underjoke to kiss all the fathers? If the candidate is a fairly good-looking we are in favor of it.

The man who boasts that he doesn't need a vacation will some day take a day off to attend his own funeral.

Mabel Normand Draws Big Crowd At the Richmond

It's a wise miss who knows how to hook a bashful lover. "Pinto" had the right idea. Fresh from the wild and woolly west she hit high society like a tornado—and—Oh, Lady!—she sure jazzed things up a heap. And when she fell in love with a bashful Romeo did she coyly archreels.

her her eyebrows and wait for him to pop the question? She did not! She went after him with a wicked lookin' 45—called lariat around his hard-boiled neckband—and vamped him into a proposal. See Mabel Normand as "Pinto" the rollicking, frolicking, two-gun whirlwind. It's a Goldwyn picture and will be shown at the Richmond Theatre today.

A two-reel comedy production of Booth Tarrington's "Edgar Camps Out" will appear on the same bill, together with ESelect News and Ford News.

GOVERNMENT SECURITIES MAKES ACCEPTABLE YULETIDE GIFTS

SAN FRANCISCO, Dec. 10.—Let-Christmas present than the present ters have been sent to scores of Chambers of Commerce, commercial organizations and business houses throughout the Twelfth Federal Reserve District by Theodore Hardee, Director of the Government Savings Organization for that district, asking co-operation in stimulating the use of Government securities, such as Liberty Bonds, Thrift and Savings Stamps, and Treasury Savings Certificates as Christmas presents. A similar effort last year resulted in immediate benefits to the Government.

Director Hardee said in his letter: "It is probably not going too far to say that most Christmas presents are disappointments. Often they have no intrinsic value and bring little pleasure either to the giver or the recipient. Most people would rather have the money spent for a post-war financing.

Appeal is Made for People to Use the Christmas Seals

Herbert Hoover, the man who saved the lives of hundreds of thousands of men, women and children in Belgium and Northern France during the war by relieving their distress has entered the battle for the sufferers from tuberculosis in the United States and in a letter to the California Tuberculosis Association just made public appealing to the people to purchase and use Christmas Seals this year.

"In his appeal to further the work of the tuberculosis association, Hoover says in part:

"There is, perhaps, no problem of a health nation that we have to meet as a nation that is more serious than that of tuberculosis. The Tuberculosis Association has been, and is still making a superb fight against the ravages of this disease, and it deserves the support of every citizen who wishes to see a real improvement in the health statistics of his community and this nation.

"I wish you very success in your sale of Christmas seals and in the splendid effort which the sale of those seals will allow you to continue."

It is with the proceeds of these little seals that the battle to eliminate tuberculosis in this country is

These Charts Show Why Your Electric Light Bills Are Higher Now Than In Summer

Study the above charts. The one at the left shows the relative number of hours of daylight and darkness and the hours of use of Electric Light in each day during the Spring and Summer.

The chart at the right shows the same comparison between darkness, daylight and hours of use of Electric Light, but for the Fall and Winter months.

You will notice that there is two-thirds more darkness in each day during the Fall and Winter than in the Spring and Summer, and that on account of it, it is necessary to use your Electric Light nearly three times as much every twenty-four hours as in the Spring and Summer.

It is only natural, therefore that with this increased consumption of Electricity for lighting, your Electric Light bills will be somewhat higher.

Shortage of Officers in Navy is a Serious Problem

WASHINGTON, Dec. 10.—Declaring that the officer personnel of the navy should be augmented to full strength and placed on a permanent basis "with the least possible delay," Rear Admiral Thomas Washington, chief of the bureau of navigation, in his annual report to Secretary Daniels describes the personnel situation as the most serious problem before the navy. Even though 1200 reserve and temporary officers are taken into the regular establishment as permitted by law during the coming year, the shortage of officers May 1, 1921, will be equal to seven years' output of the Naval Academy, Admiral Washington declares.

From present indications and unless remedial legislation is obtained, the temporary appointments of seven rear admirals, 67 captains, 154 commanders and 380 lieutenant-commanders will have to be revoked July 1, 1921, due to shortage of officers in the lower grades, the report says.

More attention must be paid to the personnel side of the conduct of the navy, Admiral Washington says, asserting that "this point of view does not now prevail."

Decision in Water Case of Ignacio Farmers Expected

All of the testimony and arguments in the case of several Ygnacio valley farmers against the Port Costa Water company, by which the plaintiffs are seeking to have the water concern restrained from pumping from certain wells in the vicinity of Contra Costa, have been sent to Judge Finch of Glenn County by George T. Barkley, clerk in department No. 2 of the Superior Court.

The case was tried at Martinez last spring and required six weeks to hear the testimony. During the fall the final arguments in the case were heard by Judge Finch in San Francisco. The testimony and arguments have been written up by Miss Lydia Raffetto, court reporter and fill many pages of typewritten forms. Barkley states that a decision in the case will probably be rendered by Judge Finch in the near future.

Arrangements have also been made for the joint meeting of the Chambers of Commerce of Berkeley, Richmond and San Francisco and Oakland to be held at Hotel White-cotton early next week. About thirty Richmond members and the Richmond Manufacturers will attend this meeting. Officials of the Santa Fe and Southern Pacific will also attend as guests of the Chambers of Commerce. All arrangements are in the hands of Secretary Wells Drury of the Berkeley Chamber of Commerce, and Secretary Wallace of the Richmond Chamber. This will be the first joint meeting of the Bay district Chambers of Commerce ever held, and the event has occasioned wide spread interest. It is expected several hundred will attend from all sections of the San Francisco Bay.

Wernse Testifies

Among the important witnesses who testified before the railroad commission yesterday was Harry W. Wernse, Secy. of the Richmond Industrial Commission and he placed some telling facts before that body. Briefly the history of the growth of Richmond was told, how the Industrial commission had spent \$100,000 in advertising the advantages this city possessed for industrial concerns and one of the principal points set forth in the advertising was the fact that this city was the terminal of the Santa Fe road.

New factories have been drawn to Richmond because of the terminal facilities and the direct ferry service between Richmond and San Francisco. He said that the trip from Richmond to San Francisco by way of the Santa Fe ferry had consumed between 30 and 32 minutes, while more than an hour was required to make the trip by way of Oakland.

Just before the Santa Fe passenger terminal was moved to the Oakland mole as a war measure, Wernse said he had been informed by Santa Fe railroad officials that ticket sales during the month had totaled 3000 between Richmond and Oakland and that the business of the ferry was growing rapidly.

Wernse argued that the city of Richmond would be much better served by the direct ferry connection with Oakland and that the city would grow much faster were such service resumed. If the ferry service is discontinued indefinitely the growth of the city will be retarded to a marked degree, he said.

It was pointed out that the city had spent \$1,000,000 for harbor improvements adjacent to the Santa Fe ferry slip and terminal, and that it still had \$750,000 to spend for improvements. The Santa Fe terminal property is valued at \$50,000 an acre, and the site has been pronounced ideal for a ferry landing by Santa Fe officials and others. The value of this property will be decreased if the terminal is not used.

Manufacturers seeking locations here invariably ask about the ferry connections with San Francisco. Direct connections with the principal business and banking center of the state is imperative for industrial development, he told the commission. Wernse further told the commission that had Richmond had an inkling that the transfer of the terminal to Oakland was to be made permanent, strenuous objection would have been made at the time it was moved there as a war emergency, and it would have been understood that the terminal was to be returned when the emergency was over. As it was Richmond willingly co-operated in the emergency, and now believes that the return should be effected.

HUNTING FOR BODIES SIGHTED IN BAY

Search was continued yesterday for the bodies of two men sighted floating in the bay by ferryboats pilots. San Francisco police were unable to find any trace of the bodies, one of them said to be in a sailor's uniform.

Vallejo Line May Land

It was stated last night through reliable sources that the Monticello Steamship Company may seek a landing in Richmond for the San Francisco to Vallejo boats which now operate between the two points at two hour intervals. Although not verified it is believed such an adventure is in mind. It is not stated whether the Monticello Steamship line will land at the Santa Fe wharf or seek a location on the Municipal Wharf.

According to the opinion of Jackson H. Maser, Harbor Manager, it is possible the Municipal Wharf will be used as a landing for the Monticello Steamship Line. In this event, Ferry Point will immediately arise to a point of extensive passenger travel as between Richmond and interior towns and San Francisco. It is understood strong pressure is brought to bear by San Francisco interests to effect the landing of the Monticello boats in Richmond.

The change from the present route of the Monticello line between San Francisco and Vallejo would alter the running time but ten minutes it is estimated. Agreements with certain interests have prevented favorable consideration of making a Richmond landing of the Monticello boats heretofore.

Secretary Wallace when informed yesterday of the new project immediately took steps to urge its fulfillment believing that Richmond would profit largely by the accommodations afforded in the Monticello connections at Ferry Point.

THROAT TROUBLE CURED

Oakland, Nov. 1, 1920. To whom it May Concern:

I suffered from throat trouble for 15 years, during which time I could neither eat nor swallow without pain. I became very weak and was unable to work for months. I had numerous doctors and then tried a Throat specialist, who told me that my trouble was due to the blood. He advised me to take blood medicine. Thereupon my brother, who had been cured of Stomach Trouble by the FONG WAN HERBS, urged me to try them. After drinking the herbs for 15 weeks, I felt entirely well. I have since gained 25 pounds. It is 10 months since I took the herbs, and I am now giving this testimonial to let the public know that any sufferer should try the FONG WAN HERBS. I am a watchman for the California Food Specialties Co.

THERE'S ANOTHER REASON

than looks why your teeth should be kept in perfect condition—your health. Without good teeth it's impossible to masticate your food properly and so indigestion ensues and a long trail of troubles. We examine teeth without charge and do for them exactly what they need, and our prices for the requisite work are notable for their reasonableness.

D'Annunzio's Fiume Troops Swearing Allegiance

This photograph just received in this country, shows Gabriele D'Annunzio, poet warrior of Italy and self-constituted Governor of Fiume, kneeling with the National Guard of Fiume as they swore allegiance to him on the anniversary of the battle of Lermaglio. D'Annunzio, who made formal declaration of war on Italy, is seen in the foreground.

Five Murderers Die in Electric Chair at Ossining

OSSINING, N. Y., Dec. 10. — Five convicted murderers, the youngest a boy of 20 years, and the father of three children, were put to death in the electric chair in Sing Sing prison here last night, after an eleven-hour attempt to obtain a reprieve from Governor Smith had failed.

Four of the men were convicted of slaying Otto Fiala, an elderly Bronx subway ticket agent, two years ago. The fifth, Howard Backer, paid the penalty for the murder of William Gageff, near Rochester, N. Y., in September, 1919.

Mystery Social of the Pythians on December 17

The remainder of this month will be one of activity for Richmond lodge, Knights of Pythias, No. 13. Last night G. F. Obenlund was taken into the page rank, and two new members, A. H. Burton and Morris Manchester, were accepted, and one new application was presented.

The lodge received an invitation from the D. O. K. K. of Petaluma to attend a ceremonial on the 18th of this month.

December 17th the mystery social of the lodge takes place, to which Pythians and their families are invited.

January 7th there will be installation of officers of the lodge, to be followed by a big banquet. The page rank will be conferred on twelve at this time.

The last Saturday in February many of the Pythians will attend a ceremonial of the Oakland D. O. K. K.

John A. Deadrich, who has ably filled the position of publicity director of the lodge for the past year, has resigned, and W. A. Capelle has been appointed to succeed him.

The robe committee reported that \$100 was cleared as the result of the whist party recently given. This money will be placed in the robe fund.

22 Per Cent Cut To Be Made Wages Textile Workers

BOSTON, December 10.—A wage reduction of 22 1-2 per cent in textile mills in New England and New York State was forecasted today in a statement issued after a conference of textile manufacturers. The industry employs 300,000 persons.

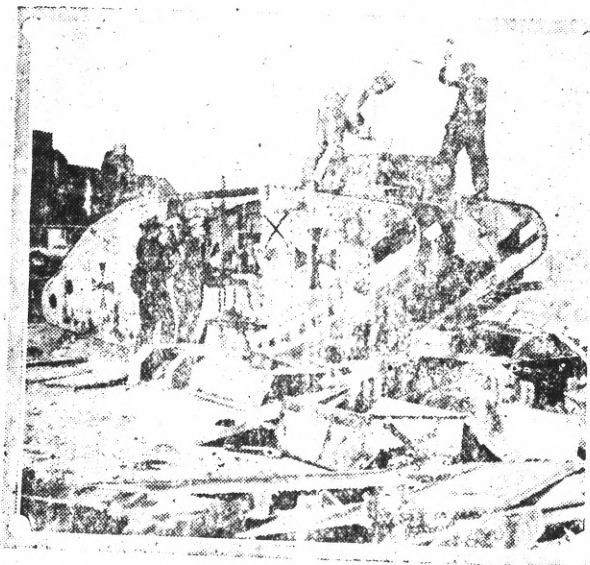

Such a reduction, according to the statement would bring the wage scale schedules back approximately to figures that existed a year ago and would leave the wage standards generally more than double those of 1915.

The present stagnant condition of the textile industry made consideration of a wage reduction necessary. It was stated. The statement further said:

It is evident from what has transpired in the past few months that there has been an insistent and compelling demand on the part of the public that the cost of living should be lessened by a readjustment of the price of commodities entering into the expense of daily life.

There are hundreds of people that are looking for just the thing that you have to sell if you would only advertise it.

Garibaldi- retail water merchant

You have one neighborhood merchant who delivers just what you order—just when you order it—year in and year out.

He is the man in charge of the distribution reservoir on the hills above your home—and he retails water to you.

There are eleven such retail water merchants in the service of the East Bay Water Company, but Jacob Garibaldi—a relative of the Italian patriot—in charge of Berryman Reservoir in North Berkeley is typical of these men.

Day and night, he watches the water gauges to make sure that enough water is coming from wholesale supply sources, to replenish that which is going out.

Whenever you turn on your faucet—if you live north of University Avenue or east of Shattuck Avenue—you order water from him. Sometimes thousands of people order it at the same time, then Garibaldi communicates with the pumping station and a greater volume is started. At other hours so few want water he must signal the pumping station to reduce the flow.

Always taking thought for your needs, Garibaldi, who has been with the Water Companies 41 years and at his present post day in and day out for 21 years, like hundreds of other East Bay Water Company employees, is anxious to give you good water with uninterrupted service.
